

**What we stand
for in business**

"Dignified Collections"

is our motto.

With more than 38 years
of collection history

in Oklahoma, National
Bureau of Collections,

Inc., operates a state of

the art collection system for every type

of credit grantor - from the

Federal Government to the mom and

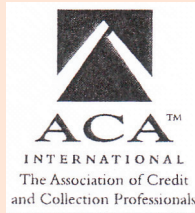

pop operation.

You can be assured that you will not
only get the highest return on your
unpaid accounts, but you will work
with a company that understands YOUR
needs, works with YOUR company and
tailors its program to meet YOUR goals.

We use only live staff to make
collections calls. No computerized or
automated conversations are used.

Our staff are trained professionals who
understand the psychology of working
with debtors!

Call now and see how much we can
collect for you!

Dignified Collections

National Bureau of Collections, Inc.

405-732-2263

We will develop special credit applications depending on your needs and customer base. If it collects your money, we show you how to do it better and faster.

Collect more unpaid accounts than EVER!

Let NBC Dignified Collections show you how!

THE SECRET TO MAXIMIZING THE RETURNS ON YOUR UNPAID ACCOUNTS!

The National Bureau of Collections collects and returns to the community more than a million dollars a year - money that was written off by businesses and considered a loss.

It is estimated that bad debt costs every man, woman and child in the U.S. at least \$500 a year.

That's money that could be returned to you!

Why is NBC so different?

National Bureau of Collections is unique. We feel that we are in partnership with our clients; therefore, we are concerned, not only with the collection of their delinquent accounts, but also with the overall financial health and reputation in their community.

We also stand out as your collection agency of choice by:

- Using real people to make collection calls, not a computerized system
- We rewrite your collection notices to enhance your cash flow, including the best time to ask for money and how to ask
- NBC takes pride in its ability to customize a collection program to fit the need of each client.

Rate = Effort

What can you expect when you hire NBC, Inc., as your collection agency?

* **EFFORT** - Too many people put the emphasis on the collection agency's fee. The only thing a collection agency's fee tells you **is how much effort they intend to put into collecting your delinquent accounts.**

* **Trained, professional staff.** Our professionals use motivational techniques to solve debtors' problems and the most high-tech skip tracing programs to locate debtors.

* **Low complaints.** Does your current agency create problems in your office? Do they use tactics that generate complaints and undermine your image? NBC uses only dignified collection tactics to ensure low complaints!

Why do I need a collection agency?

* Look at your accounts turned in January. Compare to your statement and see if they are starting to pay. Most accounts are set up or paid out in the first 90 days

* After 90 days, these accounts grow cold and get lost in the "dead" file.

* We can freshen the return of your old accounts by placing them with us as a new agency.

* This insures that you get six months of aggressive collection on your past due accounts.

* We work with debtors to help them meet their obligations by working on payment arrangements and budgets for their households.

I Can't Afford It

"I can't afford such 'luxury business services.'"

Many people view hiring a collection agency as a "big business" practice only.

Not true!

Think about how many unpaid accounts your business has. If you were able to collect even a quarter of the accounts, think of the boost to your budget.

Eliminate the headaches brought on by a automated calls or minimal return.

My fees are designed to maximize the return on your accounts. Call now for a no-obligation price quote.

Hiring National Bureau of Collections means you'll have REAL people making REAL calls on your behalf - and that makes a difference!

Dave Herbert
Owner

ABOUT ME

I began my career in the finance business in 1964, and started NBC, Inc., in January 1971. In the 1970s, I went to Washington at the request of the Oklahoma Collectors Association to help write the "Fair Debt Collection Practices Act," which revolutionized the collection industry.

I was also elected to The Oklahoma State Senate for a total of four terms. I also served as President of Oklahoma Collectors Association for five terms.
